# Hello there!

**Atelier** *\*noun*

“a workshop or studio, a creative space used by an artist or designer”

Atelier was brought to life three years ago by our Founder and Co-Owner of A Venue on the Ridge, Amy Freshman.

“I started Atelier because the clients at our venue were struggling to bring their vision to life—creating a financial roadblock and enduring an immense amount of stress in the process. I saw the opportunity to alleviate that burden with the founding of Atelier—our own creative workspace.”

Working out of her basement, Amy was able to build a robust inventory while bringing her clients’ visions to life.

We have since expanded past the walls of our family-owned venue, offering off-site design and rentals to clients far and wide.

Devon and Shannon are integral pieces to the expansion puzzle.

Devon, the General Manager at a Venue on the Ridge, has vast experience in the “Omaha Wedding World” where she has brought multiple projects to life with her creativity and event execution.

Shannon, a professional interior designer, graduated from the University of Nebraska-Lincoln with a B.S. in Interior Design. Shannon incorporates her extensive design experience, service, and expertise with her clients at Atelier.

Together, our Atelier team has a diverse range of skills, providing clients with affordable, cohesive, and stunning decor.
